IR-4 FIELD DATA BOOK

DEVIATION FORM (PHOTOCOPY THIS PART IF NECESSARY)

THE DATE THAT THE DEVIATION OCCURRED 7-16-19, 7-30-19

THE DATE THAT THE DEVIATION WAS RECOGNIZED 10-8-19

THE DATE THAT THE STUDY DIRECTOR WAS NOTIFIED 10-8-19

METHOD OF NOTIFICATION (e.g. telephone, email, fax)
(Include telephone notes or copy of email or fax in Part 3 of this book) email

THE DEVIATION IS FROM (check appropriate) PROTOCOL ☒ SOP'S _____

SECTION OF THE PROTOCOL OR SOP'S THAT IS AFFECTED 12

BRIEF DESCRIPTION OF DEVIATION: The plot was used for 2 trials
A Dragon Fruit season has multiple * harvests,
so we were able to use one row only for the 2
trials in different studies.
(12555.19-FL148 + 12262.19-FL137)

EXPLAIN WHY THE DEVIATION OCCURRED: An outside cooperator was
used for these trials, and this enabled us to
use as few plants as possible so as not to disrupt
the grower's schedule of spraying, picking, etc.

ABOVE DATA ENTERED BY: Richard Janner DATE: 10-9-19

FIELD PERSONNEL: DO NOT WRITE BELOW THIS LINE

STUDY DIRECTOR'S ASSESSMENT OF IMPACT OF THIS DEVIATION ON THE STUDY:

The compounds in both studies should not interfere with each other
dummy analyses. Combined sampling for both studies did not exceed 50% of
harvestable fruit. No impact
